RE: THANK YOU! Follow-Up Presidential Search Meetings November 10 and 11, 2021

DATE: November 17, 2021

Commencement of Presidential Search – A Great Start!

Many thanks from the Presidential Search Committee to all of you who participated in a group meeting or other conversation last week with our search firm R.H. Perry & Associates. We were very excited by the breadth and depth of participation as well as input received from various constituencies. We engaged more than 80 individuals. This effort will well serve our community in developing not only the position profile, but also in building our collective thinking as to the outstanding candidate who will embrace and advance the distinctive Catholic mission of the College (i.e., charisms of the Holy Cross Congregation) and continue the College's upward trajectory, enabling us to compete and succeed in a dynamic and challenging higher education environment.

If you were unable to attend a session last week, please consider providing your thoughts to us by completing the pre-search survey at https://www.surveymonkey.com/r/HCC_President. You can also provide recommendations of potential candidates for the Presidency of the College in this survey, as well. The pre-search survey will remain open through November 19, 2021.

We will continue to provide updates at various stages of the search process, however, please do not hesitate to reach out directly to Calvin Colbert at 214/505-1895 or calvincolbert@challengergray.com at any time if you have questions. We wish you a very Happy Thanksgiving!

Ave Crux and Go Saints!
