Holy Cross College Health Clinic

What to do if you need medical care at a hospital or urgent care center

Before going, check if they will accept your insurance.

Be sure to review the questions below to ask during your visit and the documentation you should request and bring back with you.

After your visit, please stop by the HCC Clinic and meet with Mary Lanning, RN to review your visit and get any extra help that you might need.

Questions to ask:

- ✓ When can I return to class?
- ✓ What are the treatments for my illness? Will it be on a printout that I take with me?
- ✓ When should I come back if I am not feeling better?
- ✓ Can my illness be transmitted - will my roommates or others be at risk? What should I do to protect others?

Get a printout before you leave that has:

- Diagnosis
- What is the treatment
